

What we provide:

- Registration for your puppy—We will need to get some information from you for the registration form. Your puppy's registration will be sent to you by mail from the NACR. The litter registration number is on the contract, as well as the full names and registration numbers for the parents.
- Health records – shots, worming, etc.
- Signed guarantee from Blue Ridge Cockapoos—included on Contract
- Small bag of high quality puppy food (similar to Nutro Natural, but purchased at Costco)
- Familiar blanket and/or stuffed animal
- Chew sticks—keep chew sticks on hand so the puppy won't be tempted to chew on your personal belongings. Please buy only rawhide chew sticks, and avoid anything that is pressed and has added dyes or flavorings.

What you will need:

- Crate/Kennel—you may want to get the medium or medium-large size instead of the smallest size so your puppy will have room to grow. However, the back half will need to be blocked off at first, as too much space will allow the puppy to go to the bathroom in the back of the kennel and cause problems with crate training.
- More puppy food—Costco sells a less expensive brand of puppy food by Kirkland. Ingredients are very similar to Nutro Natural Puppy Food.
- Food/Water Dish
- Collar and Leash
- Puppy pads or newspaper for indoor training, if desired—Disposable underpads are available at any drugstore, like Walgreens or CVS, and puppy-training pads are available at pet stores.
- A vet appointment within the next 72 hours.
